*“YBE really
is home
from home
for me”*

Headteacher's Welcome

Ysgol Bryn Elan's Sixth Form offers you a purposeful academic and caring environment in which you will be supported and guided in order that you achieve the very best that you can be. Our last Estyn report commented that: 'The school provides exceptional support and guidance to pupils... this provision is an outstanding feature of the work of the school.' We rightly pride ourselves on the high quality of teaching and personal mentoring that, along with your own enthusiasm and commitment will help you realise your ambitions.

We have a well-deserved reputation for excellence in examination results, including the Welsh Baccalaureate, and are also very proud of the Duke of Edinburgh Award that is successfully completed by our students.

Our motto, 'Achievement for All' is at the very heart of all that we do. Our Estyn report recognised that 'The vision of Achievement for All is shared by all and more importantly is evident in all aspects of the school's work.' Here, you are known for the individual that you are, and guidance will be tailored to your needs. We really do strike the balance between academic success and offering you opportunities to participate in a huge array of extra-curricular activities, to help develop a range of skills and to broaden your experience.

Life in the Sixth Form here at Bryn Elan will enable you to make the best decisions for your future. Dedicated support is provided for UCAS applications and preparation for the world of work. We pride ourselves on the care we take to fully equip you for your future and work in partnership with many providers to ensure you have the best curriculum choice available and specialist advice.

The Sixth Form at Bryn Elan is a happy, well-supported and constantly innovating place to study. We welcome enquiries from any student who shares our belief in quality and care.

Mr Dave Humphreys
Headteacher

Pathways in the Sixth Form

There are different pathways in the Sixth Form, depending on your needs. The three example pathways opposite show how A level, or equivalent courses such as BTEC courses, can be combined with re-sits in English Language or Mathematics, based on need, with all students studying the Advanced Skills Baccalaureate Wales.

3 A levels (or equivalent)
+ Advanced Welsh Bac

4 A levels (or equivalent)
+ Advanced Welsh Bac

2 A levels (or equivalent)
+ Re-sit GCSE's
+ Advanced Welsh Bac

Sixth Form Life at YBE

At Ysgol Bryn Elan, we realise the importance of independence in students, but we also realise that a good deal of support and guidance is required to enable you to reach this goal. For this reason, we will carefully monitor your progress, and offer support when needed. We want you to develop and realise your full potential during your time with us. We want you to feel valued, cared for and fully involved in the educational journey that you are about to embark upon.

Our mentoring system fully supports your learning within your option choices and the Welsh Bacc. We will give you individual targets that are realistic and achievable. We will track and monitor progress towards those targets. We operate a stepped Intervention Programme to support your progress throughout all aspects of sixth form life.

Our Sixth Form Centre was recently refurbished, and offers a comfortable base for your study when not in lessons. The Sixth Form Centre boasts a suite of computers and laptops to assist you in private study outside of the classroom. We also have a successful Bring Your Own Device scheme, which further facilitates good use of study time. Lockers are provided for the safekeeping of your valuables. We also have a kitchen, which gives sixth formers the facilities to make hot drinks, toast and re-heat food from home. The school cafeteria caters for those who would prefer not to use the kitchen. Through the Senior School Team have direct responsibility for these facilities.

We genuinely believe that parents and guardians have a vital role in the Sixth Form. Communication between home and school is regular and informative. Parents and guardians are encouraged to contact us with any issues they need clarification upon, and we welcome such communication. Experience tells us that success in the Sixth Form is best achieved via a three-way partnership between students, parents and school.

6

Whilst Year 12 studies might be a transition for some students, for example into to the world of work or training, for a large number, it is preparation for Year 13. This year is dominated by the application process for further and higher education or apprenticeships. Students are fully involved and supported in this sometimes complex process. To ensure that parents feel part of this process we have a parents' evening dedicated to the UCAS application process.

A Year 12 Introductory Evening is held in the Spring term. This event provides more information about life in Ysgol Bryn Elan's Sixth Form, and gives details on the courses we offer. Please check our website for details.

Mr W Punshon
Director of Sixth Form Studies

Advanced Skills Baccalaureate Wales

The Advanced Welsh Baccalaureate has been an important part of the Sixth Form here at Bryn Elan since 2003, and has grown and developed significantly in that time.

This new and updated qualification, which sits alongside your A level or BTEC choices, adds breadth and balance to your studies through a core programme of activities. The Advanced Skills Baccalaureate Wales is graded A*-E, carrying the same UCAS points as other courses.

The Course consists of:

- Individual Project
- Global Community Project
- Future Destinations Project

These three areas of study are delivered through formal lessons with specialist teachers. The Projects are designed to develop the essential and employability skills of:

- Literacy Numeracy
- Digital Competence
- Critical thinking and Problem Solving
- Creativity and Innovation Personal Effectiveness Planning and Organisation

Success in the top three areas of study will give you the Advanced Skills Baccalaureate Wales.

The route

Individual project + 2 challenges

Advanced Skills
Baccalaureate
Wales

Mathematics

WJEC AS Mathematics progressing to A2 level

Entry Requirements

Essential: GCSE Mathematics at grade B or above at Higher Tier.

Desirable: Level 2 Higher Tier Additional Mathematics Pass or above

Why should I study this programme?

Since Mathematics is one of the most traditional subjects, a good grade in Mathematics can boost an application for most courses. The skills it allows you to develop include problem solving, logic and analysing situations. Add in the improvements to your basic numeracy skills and that bit of creativity needed to solve mathematics problems and you've got yourself a set of skills which would make you more desirable for almost any job!

What will I study on the course?

You will participate in a variety of mathematical activities building on the skills acquired at GCSE. Communication skills are developed through discussion and problem-solving skills are ongoing throughout the course.

A/S Modules

Unit 1: Pure Mathematics A (2 hours 30 mins)

Unit 2: Applied Mathematics A (1 hour 45 mins)

A2 Modules

Unit 3: Pure Mathematics B (2 hours 30 mins)

Unit 4: Applied Mathematics B (1 hour 45 mins)

How will I be assessed?

Unit 1: 25% of Qualification

Unit 2: 15% of Qualification

Unit 3: 35% of Qualification

Unit 4: 25% of Qualification

What can I do next with this qualification?

Many courses at university require Mathematics at A level, or contain Mathematics modules in the course. These include: Statistics, Computer Science, Physics, Accountancy, Engineering, Geography, Psychology, Sociology, Sports Science, Earth Sciences, Medicine, Chemistry, Biology and Business Studies.

The types of careers which lead on from Mathematics are some of the most interesting and well-paid available.

Cymraeg Ail Iaith UG/U

Exam Board – CBAC (WJEC)

Entry Requirements

GCSE Welsh at grade C or above is necessary. You will be expanding the language skills of speaking, listening, viewing, reading and writing that you have already been developing during your GCSE course. The knowledge and understanding gained will form a sound base from which to start your AS studies.

What will I study on the course?

There are three units at AS level and three further units at A level.

Unit 1 Oral Examination:

Section A approx. 20 mins. per group

Section B approx. 5 mins. per candidate Film and Oracy
15% of qualification 60 marks

Section A: Discussing a film

Section B: Personal response

AS Unit 2

Non-examination Assessment 10% of qualification 60 marks

Candidates to write 3 extended pieces. Total of between
1,500 and 2,000 words

AS Unit 3 Written Paper: 2 hours The Use of Language, and
Poetry 15% of qualification 120 marks

Section A: A composite question which includes different
types of linguistic exercises.

Section B: 3 questions based on the prescribed texts.

Advanced Level (the above and three additional units)

A2 Unit 4 Oral Examination:

Section A and B approx. 30 mins. per group

Section C approx. 5 mins. per candidate Drama and Oracy
25% of qualification 75 marks

Section A: Living through the medium of Welsh

Section B: Discussing a play

Section C: Personal response Synoptic Assessment

A2 Unit 5 Written Paper: 2 hours The Welsh language in
Society and Translanguaging 15% of qualification 80 marks

Section A: The Welsh language in society Questions
based on the prescribed text

Section B: Translanguaging – a written response in Welsh
to an English-language article Synoptic Assessment

A2 Unit 6: Written Paper: 2 hours The Use of Language and
the Short Story 20% of qualification 100 marks

Section A: A composite question which includes different
types of linguistic exercises

Section B: 2 questions based on one of the prescribed
texts and 1 synoptic question which bring together the
information, understanding and skills developed in the
subject. Synoptic Assessment

How will I be assessed?

AS Level

Oral exam – Study of the film 'Patagonia'

Internal Assessment – Written coursework

Written exam – Poetry and language

A level

Oral Assessment – Study of the Drama 'Crash'

Written exam – The Welsh language in Society and
Translanguaging

Written exam – The Use of Language and the Short Story

Medical Science

WJEC Level 3 Certificate (equivalent to AS level),
progressing to Level 3 Diploma (equivalent to A level)

Entry Requirements

GCSE Double Science CC or above or Separate Sciences C and English language and Mathematics at Grade C or above.

Why should I study this programme?

Medical Science is the science of dealing with the maintenance of health and the prevention and treatment of diseases. The Level 3 Diploma in Medical Science is for learners who are interested in careers related to healthcare and medical research. It offers learning in a range of vocational contexts with science tailored to medical science and research methods.

What will I study on the course?

As well as learning the fundamentals of Biology, Biological Systems and Human Health and Disease, you will study medical research methods and clinical laboratory techniques, collecting both research and medical data and reporting it appropriately.

How will I be assessed?

The course is a mixture of internally and externally assessed tasks accounting for over 60% of the course, and two examinations accounting for the remainder of the course. It is worth noting that in order to gain A*-C grades there is a minimum mark that must be achieved in these examinations.

What can I do next with this qualification?

WJEC Level 3 Medical Science would support progression to a range of job roles within health care, such as those within the areas of life sciences, i.e. carrying out a range of laboratory and scientific tests to support the diagnosis and treatment of disease, roles within the physiological sciences, working directly with patients, measuring and evaluating particular organs and systems. It is also currently fully accepted by some institutions for progression into further education in medical fields (Note:- individual institutions set their own entrance requirement so check first).

Biology

AS Level, progressing to A2 Level

Entry Requirements

Essential: GCSE Double Science CC or above or Biology at grade C or above and to have studied intermediate or higher tier Mathematics and gained a grade C or above. Desirable: GCSE Mathematics at grade B or above.

Why should I study this programme?

You will develop the scientific skills practised at GCSE, using research skills and will apply your knowledge and understanding of biological ideas. You will develop key skills, handle data and become a more independent learner.

What will I study on the course?

You will explore the major principles that underpin the study of living organisms such as cell biology and biochemistry as well as studying variation, evolution, inheritance, genetics, homeostasis and the environment, amongst many other topics. You will be able to use high quality microscopes during experimental work.

How will I be assessed?

For AS Level, Units 1 and 2 will be assessed by written examinations during year 12. For A2 Level, Units 3 and 4 will be assessed by written examinations during year 13. The practical Unit 5 will be examined at the end of the 2 year course through a practical exam and a data handling exercise. A practical lab book will be completed over the two year course and will also be used to assess Unit 5.

What can I do next with this qualification?

A level Biology prepares you for further study or careers in areas in health and clinical professions, such as Medicine, Dentistry, Veterinary Science, Physiotherapy, Pharmacy, Optometry, Nursing, Sports Science, Zoology, Marine Biology and Forensic Science.

Chemistry

AS Level, progressing to A2 Level

Entry Requirements

Essential: GCSE Double Science at CC or above or GCSE Chemistry at grade C and to have studied intermediate or higher Maths and gained a grade C or above. Desirable: GCSE Mathematics at grade B or above.

Why should I study this programme?

Chemistry is the Science that underpins how everything around us works at a fundamental level. You will develop the scientific skills practised at GCSE, and develop practical skills in the area of chemical preparation and analysis. You will also improve and acquire research skills and improve your independent learning.

What will I study on the course?

You will build on fundamental chemical principles such as atomic structure and bonding, energetics and moles as well as explore chemical behaviour and patterns in the Periodic Table. You will also develop your practical skills and apply them to quantitative analysis, chemical identification, preparation and problem solving.

How will I be assessed?

For AS Level, Units 1 and Unit 2 will be assessed by written examination at the end of year 12. For A2 Level, Units 3 and Unit 4 will be assessed by written examinations at the end of the year. The practical Unit 5 consists of a practical examination and the assessment of a practical laboratory book compiled over the 2 years of AS and A2 courses.

What can I do next with this qualification?

A level Chemistry prepares you for further study in areas as diverse as Drug Design and Forensics to Medicine and Volcanology.

Physics

AS Level, progressing to A2 Level

Entry Requirements

Essential: GCSE Double Science at CC or above or GCSE Physics at grade C or above with GCSE Mathematics, studied at higher tier, at grade C or above. Desirable: GCSE Mathematics at grade B or above.

Why should I study this programme?

Physics is fascinating and fun. At its heart, Physics is about finding things out – about understanding what lies behind everyday phenomena like rainbows, red sunsets and blue skies as well as the more revolutionary concepts of quantum theory, relativity and cosmology.

What will I study on the course?

Following this course you will be introduced to a wide range of Physics principles and be led to an understanding of how nature operates at both microscopic and macroscopic scales. You will understand how these principles are applied in tackling problems of human society.

How will I be assessed?

For AS Level, Units 1 and 2 will be assessed by written examinations at the end of Year 12. This makes up 40% of the whole A level. For A2, Units 3 and 4 will be assessed by written examinations during year 13. The practical Unit 5 will be assessed through an experimental task and a data-analysis task, both synoptic in nature, performed under controlled conditions. During the course a laboratory record book will be kept and assessed as a record of the development of the essential practical skills required for this course.

What can I do next with this qualification?

All technology is based on the principles of Physics so for any career related to technology, such as designing future transport or planning environmentally sustainable electricity generation, a qualification in Physics is a good place to start. The principles of Physics are also useful in explaining biological and chemical phenomena and so Physics is a great subject to study for any student wishing to pursue further study in any Science-related discipline.

Art & Design

WJEC AS Level Art progressing to A2 Level

Entry Requirements

A GCSE in Art, grade C or above is desirable.

Why should I study this programme?

Art and Design can be studied by candidates who enjoy drawing, painting, manipulating a range of materials, experimenting with approaches and developing new techniques. An enthusiastic and positive attitude to the course will enable you to respond to tasks creatively and personally. You will have opportunities to develop your knowledge, understanding and skills both practically and theoretically. Your portfolio of work is developed from a personal starting point and you will also be encouraged to attend life drawing classes and visit art galleries.

What will I study on the course?

A creative enquiry of work in Year 12 is developed from a personal starting point and you will also be encouraged to attend life drawing classes and visit art galleries. There will be no exam in Year 12 (AS). In Year 13 (A2) you will complete a personal investigation, which will include an extended written element and an externally set assignment.

How will I be assessed?

The course consists of three units of study over a two year period:

Unit 1 (AS): One personal creative enquiry of work you will complete in a sketchbook of work and create final outcomes. (40% of A level).

Unit 2 (A2): One personal investigation with sketchbook, preparatory studies, critical studies (1000 words) and final outcomes. (36% of A level).

Unit 3 (A2): Externally set assignment (15hrs) – response to an externally set task. (24% of A level).

All the above units are assessed and marked by your tutors and externally moderated by the WJEC exam board.

What can I do next with this qualification?

Students with an Advanced Level in Art and Design have access to a wide range of career and higher education opportunities. It is generally advised that a one year foundation course is pursued at college to determine your specialist area to study at University e.g. Animation, Illustration, Photography, Fine Art, Textiles, Graphic Design, Fashion, Film, Product Design, Advertising, Architecture and Teaching.

Design Technology

WJEC AS Level Design & Technology progressing to A2 Level

Entry Requirements

GCSE Design & Technology grade C or above is desirable. Candidates may have already gained knowledge and understanding of Design & Technology through their study of Graphic Communication or Product Design, but will be able to access the course if they have not studied the subject previously.

Why should I study this programme?

In Product Design we aim to help you develop your own individual creativity to its full potential. You are valued as an individual so we try to design a course that meets your unique set of needs and abilities, whilst ensuring you are set the highest expectations that will challenge you. You are encouraged to think, question and enquire. Product Design is not just about "doing" but is about interactively thinking and doing. Solutions are not always as obvious as you may think! So, if you are committed, enthusiastic and prepared to listen and learn, you may want to consider studying Product Design.

What will I study on the course?

In Year 12 you will complete a design and make task. You will learn how to use several tools, materials and machinery as well as a range of software packages. We do like our students to 'think outside the box', so we welcome your ideas and thoughts. Students usually do well when they work to their strengths, developing and designing around their own interests.

How will I be assessed?

This specification is divided into a total of 4 assessment units, 2 AS units in Year 12 and 2 A2 units in Year 13.

- | | |
|------------|---|
| AS Unit 1: | Written paper 20% (2 hours) |
| AS Unit 2: | Design and make task 20% |
| A2 Unit 3: | Written paper 30% (2 hours and 30 mins) |
| A2 Unit 4: | Design and make project 30% |

How will I study the course?

Design and make task - Learners are required to complete one design and make task, based on a design brief developed by the learner. Approximately 40 hours should be devoted to this task.

Design and make project - Learners are required to complete one sustained design and make project, based on a design brief developed by the learner. Approximately 60 hours should be devoted to this project.

What can I do next with this qualification?

A range of higher education courses and employment opportunities are clear progressions from this course: Product Design, Architecture, Interior/Spatial Design, Design Theory, Design Craft, Design Technology, Design with Multi-Media, Furniture Design, 3D Design, Industrial Design, Fashion Design, Transport Design, Computer Aided Design, Graphic Design, Manufacturing and Engineering.

English Language & Literature

AS Level, progressing to A2 Level (WJEC)

Entry Requirements

You should have achieved a grade C or above in English Language and English Literature at GCSE.

Why should I study this programme?

The combined English Language and Literature course is a modern and exciting specification that has something for everyone. During the course you will develop and apply your knowledge of literary analysis and evaluation, as well as your understanding of the concepts and methods appropriate for the analysis and study of language. You will learn how to integrate linguistic and literary approaches through your study of a range of texts. The course encourages you to engage creatively and critically with texts, as well as undertake independent and sustained studies to develop your skills as a producer and interpreter of language.

What will I study on the course?

You will study the following units at AS:

Unit 1: Comparative analysis of poetry with an unseen text.
Creative Writing with Commentary

Unit 2: Post- 1900 Drama, Non-literary text study

You will study these further units at A2:

Unit 3: Shakespeare extract and essay questions

Unit 4: Analysis of unseen texts, study of a prose text

Unit 5: Study of a chosen prose genre, creative writing

How will I be assessed?

Units 1,2,3 and 4 are externally assessed written examinations.

Unit 5 is assessed through two pieces of writing to total 2500-3000 words in length.

What can I do next with this qualification?

This qualification is wide-ranging and well regarded, covering a range of skills and interests. This A Level is an excellent basis for continued study of Language and/or Literature at university and is desirable for any degree course. Many students of English go on to work in journalism, law, creative industries, media and the public sector.

English Literature

AS Level, progressing to A2 Level (WJEC)

Entry Requirements

You should have achieved a grade C or above in English Language and English Literature at GCSE.

Why should I study this programme?

The English Literature course is an exciting and enjoyable course for lovers of all types of Literature. You will be encouraged to enjoy your literary studies based on an informed personal response to a range of texts from a range of literary genres including: poetry, prose and drama. You will be required to consider individual, moral, ethical, social, cultural and contemporary issues in regards to the texts you are studying. You will also be required to read and respond critically and creatively to a variety of texts. If you are a keen reader and enjoy discussing and writing about the texts you have read, this is the perfect course for you.

What will I study on the course?

You will study the following units at AS:

Unit 1: Prose and Drama. A study of a prose fiction pre-1900 text and a play.

Unit 2: Poetry Post-1900. A study of two poets requiring critical analysis and comparison.

You will study the following units at A2:

Unit 3: Poetry Pre-1900 and Unseen Poetry. A study of a selection of poetry.

Unit 4: Shakespeare. A study of a Shakespeare play.

Unit 5: Prose Study. An assignment based on the reading of two prose texts from different periods.

How will I be assessed?

Units 1,2,3 and 4 are externally set written examinations. Each examination is 2 hours long.

Unit 5 is a non-examination assessment. It consists of an assignment based on the study of one pre-2000 and one post-2000 prose text. The assignment should be 2500-3000 words in length.

Each unit is worth 20% of the overall subject award.

What can I do next with this qualification?

This qualification is wide-ranging and well regarded, covering a range of skills and interests. This A Level is an excellent basis for continued study of Literature and is desirable for any degree course. Many students of English go on to work in journalism, law, creative industries, media and the public sector.

Sport

Year 12/13 : Pearson BTEC Foundation Diploma in Sport - Equivalent to 1.5 A' Levels

Entry Requirements

5 GCSE's Grades A- C. A Pass grade BTEC Level 2 Sport is desirable but not essential.

Why should I study this programme?

BTEC Nationals are widely recognised by industry and higher education as the signature vocational qualification at Level 3. They provide progression to the workplace either directly or after study at a higher level.

The Pearson BTEC Foundation Diploma in Sport provides a broad basis of study for the sport sector. Equivalent in size to one A level this qualification is designed to support progression to higher education when taken as part of a programme of study that includes other appropriate BTEC Nationals or A Levels.

What will I study on the course?

Those who wish to pursue a career in coaching or sports leadership, or progress to industry-recognised qualifications will study 4 Units of which 3 are mandatory and one is optional.

Units covered include:-

- Anatomy and Physiology
- Fitness Training and Programming
- Professional Development in the Sports Industry
- Practical Sports Performance

How will I be assessed?

Assessment is through four units, three of which are mandatory. Two of the four units are examined externally

The styles of external assessment used for qualifications in the Sport suite are:

examinations – all learners take the same assessment at the same time, normally with a written outcome

set tasks – learners take the assessment during a defined window and demonstrate understanding through completion of a vocational task.

What can I do next with this qualification?

The BTEC Level 3 Sport qualification gives learners the opportunity to enter employment in the sport and active leisure sector or to progress to higher education courses.

For further Information on the course and its contents, please contact any member of the Physical Education Department.

Media Studies AS/A2

AS Level in Year 12, A2 in Year 13

Entry Requirements

As the subject requires essay writing skills, GCSE English is a good gauge of aptitude. A grade C in both English Literature and English Language is the minimum requirement for the course.

It is important to note that the examinations, lasting 2.5 hours each, require long essay-style answers.

Why should I study this programme?

The Media is a central part of our lives today, and it is therefore essential that we are able to understand and critically evaluate this key modern industry. Media Studies has been designed to develop the skills required for this analysis.

The skills are also transferable, and mirror or enhance the skills required in most Humanities subjects.

What will I study on the course?

You will explore a wide variety of media, including film, music, TV, advertising and the internet, and assess how texts are constructed to transmit a message to audiences. Key media concepts will be studied via practical analysis of real world media texts (films, music videos, websites etc), as well as by more traditional academic essays.

The course also encourages creative work. You will produce an original Media text as part of your AS work. For example, you could find yourself designing a CD sleeve for a new band, or creating a brand new magazine.

How will I be assessed?

The qualification comprises four modules:

AS:

Unit 1: Investigating the Media

Written examination: 2 hours 30 minutes

24% of qualification

Unit 2: Creating a Media Production

Non-exam assessment: internally assessed and externally moderated by WJEC

16% of qualification

A2:

Unit 3: Media in the Global Age

Written examination: 2 hours 30 minutes

36% of qualification

Unit 4: Creating a Cross-Media Production

Non-exam assessment: internally assessed and externally moderated by WJEC

24% of qualification

What can I do next with this qualification?

After the successful completion of the course students could apply to read for a degree in a number of media-related subjects including: Media Studies, Cultural Studies, Communication Studies, Media Production and Film Studies.

In addition, the qualification carries UCAS tariff points and can therefore support an application for any degree course – subject to the specific requirements of individual universities and courses.

Religious Studies

(Philosophy & Ethics)

GCE AS/A level

Entry Requirements

An interest and enthusiasm for Religious Studies is preferred. Learners should have a broad understanding of world religions and will need some experience of producing extended writing and analysing source material.

Why should I study this programme?

This course is for students who have a keen interest in studying Religious Studies and who want to study the subject at university or college level and/or as preparation for future employment and the world of work. This course will develop skills that can be transferred to other subjects and enrich learners' academic development.

What will I study on the course?

AS

Unit 1- This unit offers the choice of the study of one religion from a choice of six. There will be four themes within each option: religious figures and sacred texts; religious concepts; religious life; and religious practices that shape religious identity.

Unit 2- Introduction to Philosophy and Ethics. Students will study philosophers' views on the teleological argument for the existence of God and the problem of evil and suffering for religious believers. Learners will also study the work of Aquinas, Natural law, Fletcher's Situation Ethics and Utilitarianism

A2

Unit 3 – Learners will study religious figures and sacred texts, significant historical development in religious thought, significant social development in religious thought and religious practices that shape religious identity

Unit 4 – Learners will study ethical language and thought, Kant's Moral Theory, contemporary developments in ethical theory and freewill and determinism.

Unit 5 – Learners will study the New Atheism, challenges to religious belief, religious experience and the psychology of religion.

How will I be assessed?

Learners will be externally assessed during May/June of both years.

What can I do next with this qualification?

Religious Studies GCE AS/A level provides a suitable foundation for the study of Religious Studies, Social Sciences, Psychology, Sociology and Law through a range of higher education courses or direct entry into employment.

History

GCE AS/A Level (WJEC)

Entry Requirements

A GCSE grade C or higher in History or English Language is essential. Learners should have a broad Historical understanding and will need some experience of producing extended writing and analysing source material.

Why should I study this programme?

This course is for students who have a keen interest in studying History and who want to study the subject at university or college level and/or as preparation for future employment and the world of work. This course will develop skills that can be transferred to other subjects and enrich learners' academic development.

What will I study on the course?

AS:

HY1: Wales and England, 1880-1980 (Political, Economic and Social change).

HY2: Weimar Germany, 1919-1933 (Challenges facing the new democracy; Work of Gustav Stresemann; The Rise of the Nazis)

A2: HY3: British Politics, 1780-1880 (Parliamentary Reform and Popular Protest)

HY4: Nazi Germany, 1933-45 (Nazi State; Racial and Social policies; Opposition to Nazism; War and Defeat)

HY5: Coursework Topic – Why did the Cold War emerge between 1945 and 1952?

How will I be assessed?

Learners will be externally assessed during May/June. Learners will submit coursework during the spring term of the second year. In the summer of the final year learners will take a synoptic exam, which will include questions on both areas of study.

What can I do next with this qualification?

History GCE AS/A level provides a suitable foundation for the study of History or a related area through a range of higher education courses or direct entry into employment.

WJEC Applied Certificate and Diploma in Tourism

Year 12 Applied Certificate / Year 13 Applied Diploma

Entry Requirements

5 GCSEs to include English Language at grade C or above are preferred. Learners should have a broad understanding of tourism based issues and will need some experience of producing extended writing and analysing source material.

Why should I study this programme?

This course is for students who have a keen interest in studying Tourism and who want to study the subject at university or college level and/or as preparation for future employment and the world of work. This course will develop skills that can be transferred to other subjects and enrich learners' academic and vocational development. The Applied Certificate is the equivalent of an AS and the Applied Diploma is equivalent to an A Level.

What will I study on the course?

Year 12

Unit 1 - The United Kingdom Tourism Product (Externally assessed)

Understand what the United Kingdom offers to inbound and domestic tourists.

Appreciate the range of employment opportunities available in the tourism industry.

Unit 2 - Worldwide Tourism Destinations (Internally assessed)

Understand that all tourism destinations have a range of attractions and facilities.

Destinations acquire an image and reputation that affects the types of tourists to whom they appeal.

Year 13

Unit 3 - The Dynamic Tourism Industry (Externally assessed)

Understand that tourism is an ever-changing industry, which has to adapt quickly to external pressures and changes in society at the national and global scale.

Unit 4 - Event and Itinerary Planning (Internally assessed)

Understand the process of event management and the nature of tour itineraries within the UK.

How will I be assessed?

Learners will be externally assessed during May/June for units 1 and 3 (50% of final grade). Units 2 and 4 will be assessed through controlled assessment (50% of final grade). The overall grades for the Level 3 Diploma in Tourism will be recorded on a scale A* to E.

What can I do next with this qualification?

A Level 3 Diploma in Tourism provides a suitable foundation for the study of Tourism or a related area through a range of higher education courses or direct entry into employment.

Geography

GCE AS/A Level

Entry Requirements

A GCSE grade C in Geography or English Language is essential. Learners should have a broad understanding of geographical issues and will need some experience of producing extended writing and analysing source material.

Why should I study this programme?

This course is for students who have a keen interest in studying Geography and who want to study the subject at university or college level and/or as preparation for future employment and the world of work. This course will develop skills that can be transferred to other subjects and enrich learners' academic development.

What will I study on the course?

AS (2 units)

AS Unit 1: Changing Landscapes: Written examination: 2 hours, 24% of qualification.

Section A: Changing Landscapes - Coastal Landscapes; two compulsory structured questions with data response.

Section B: Tectonic Hazards - Three compulsory structured questions with data response.

AS Unit 2: Changing Places - Written examination: 1 hour 30 minutes 16% of qualification

Section A: Changing Places - Two compulsory structured questions with data response.

Section B: Fieldwork Investigation in Physical and Human Geography - Three compulsory structured questions with data response on fieldwork and the learner's own fieldwork investigations.

A Level (as AS plus a further 3 units)

A2 Unit 3: Global Systems and Global Governance: Written examination: 2 hours 24% of qualification

Section A: Global Systems - Water and Carbon Cycles: two compulsory structured questions with data response and one extended response question.

Section B: Global Governance: Change and Challenges Processes and patterns of global migration and global governance of the Earth's oceans: two compulsory structured questions with data response and one extended response question.

Section C: 21st Century Challenges - One compulsory extended response question drawing on Units 1, 2 and 3 with resource material.

A2 Unit 4: Contemporary Themes in Geography: Written examination: 2 hours 16% of qualification

Section A: Tectonic Hazards - One compulsory extended response question

Section B: Contemporary Themes in Geography - Select two optional themes from four:

Ecosystems

Economic Growth and Challenge: India or China or Development in Sub-Saharan Africa

Energy Challenges and Dilemmas

Weather and Climate

Two essay questions, one on each chosen theme

A2 Unit 5: Independent Investigation. Non-exam assessment: 3000-4000 words, 20% of qualification

One written independent investigation based on the collection of both primary data and secondary information.

How will I be assessed?

Learners will be externally assessed during May/June of both years. Learners will submit their NEA during the spring term of the second year.

Health and Social Care, and Childcare

WJEC/City and Guilds AS Level, progressing to A2 Level

Entry Requirements

The qualification provides a suitable progression route for learners who have studied Level 2 qualifications within the health and social care, and childcare course. The course is also suitable for learners who have not previously studied Health and Social Care but who are capable of A Level study.

Why should I study this programme?

Learners who are interested in learning about the development and care of individuals throughout the life span from conception to later adulthood.

What will I study on the course?

The qualification enables learners to develop and demonstrate their knowledge, skills and understanding within the context of health and social care, and childcare by:

- Promoting health and well-being;
- Supporting health, well-being and resilience in Wales;
- Theoretical perspectives of children and young people's development;
- Theoretical perspective of adult behaviour;
- Supporting adults to maintain health, well-being and resilience.

How will I be assessed?

The course is divided into six units. Two AS units and four A2 units: two units plus two A2 units relating to a chosen pathway.

50% internal assessment and 50% external assessment.

What can I do next with this qualification?

Progression into employment at trainee level within a range of health, social care and child care environments.

Progression into further qualifications in a variety of HND or degree level courses in health, social care and child care related subjects such as midwifery.

Drama A' Level

WJEC GCE AS/A Level

Entry Requirements

You will need a grade C or above in Drama GCSE or Theatre Studies.

Why should I study this programme?

If you love to perform and enjoy all elements of Drama and the theatre then this is the course for you. You will explore a variety of styles and practitioners from Frantic Assembly to Artaud. You will build on previous knowledge and expand your performance repertoire by studying a variety of plays. You will also have the opportunity to use our technical equipment in preparation for exams and school productions.

What will I study on the course?

There are four units, which will be spread out across the two years. Unit 1 and 2 will be completed in year 12 and units 3 and 4 will be completed in year 13:

Unit 1 Theatre workshop worth 24% of qualification

Reinterpretation of an extract using the influence of one practitioner or credited theatre company.

Unit 2 Text in theatre worth 16%

A sit down written exam lasting 1hr 30mins. Questions based on one text we study in class.

Unit 3 Text in action worth 36%

Two performances required. One devised using a particular practitioner or credited Theatre Company. One using an extract as your script however, you must use a different practitioner or credited Theatre Company.

Unit 4 Text in Performance worth 24%

A sit down written exam lasting 2hrs 30mins. Two questions based on two extracts focused on in class.

How will I be assessed?

Assessment varies throughout the course. Some units are externally assessed and some are internally assessed:

Unit 1: Internally assessed

Unit 2: Externally assessed

Unit 3: A visiting examiner

Unit 4: Externally assessed

What can I do next with this qualification?

This course will provide you with the skills and knowledge to study Drama and Theatre studies in higher education. This course will also help you with any auditions in preparation for Drama School. It will also help you gain access to careers in the Performing Arts sector.

Digital Media

OCR CAMBRIDGE TECHNICALS EXTENDED CERTIFICATE LEVEL 3

Entry Requirements

This qualification provides a suitable progression for learners who have studied Computer Science, ICT or Business Studies at GCSE level or any student with an interest in Digital Media. It is recommended that learners have, or are working towards, a grade C or above in Mathematics & English GCSE's.

Why should I study this programme?

Digital media increasingly touches almost every aspect of our lives in this modern 21st century society, there are endless career possibilities within the industry. Digital media has become a huge outlet for advertising and marketing and have a range of different purposes. Whether it is to advertise and promote a product or service, inform an audience of a cause, or engage and entertain an audience. Advertising media is around us daily, from billboards in the street to adverts watched on the television. Different types of advertisements are used together to create campaigns that grow a brand and an organisation's image and promote all types of products and services used to entice the public at large.

What will I study on the course?

This qualification has 5 units and graded as 'Pass, Merit, Distinction & Distinction *'

Unit 1: Media products and audiences 2 hour written paper.

Whichever sector of the media you want to work or specialise in, all media institutions work to create products that meet the needs of specific target audiences. Students will learn about how audiences are categorised, researched, and targeted

Unit 2: Pre-production and planning 2 hour written paper.

Students will learn about the constraints that need to be considered when planning a new media production, including timescales and resources. Students will understand how to create pre-production documents in relation to client requirements and how to plan projects to meet these needs.

Unit 3: Create a media product (project-based -internally assessed)

In this unit, students produce one of the following media products: print-based, audio- visual or audio. Students will plan, product and edit original content for the intended product. Students will be able to understand the following:

Ownership models of media institutions.

How media products are advertised and distributed.

The use and application of production techniques to create media products i.e., camerawork, sound, editing, photography techniques, sound effects etc.

Unit 6: Social Media & Globalisation (1 hour 30 minutes written paper)

The aim of this unit is to enable students to understand the ways in which online technologies and social media products have created a globalised, connected society and how such tools are used by media producers. Students will fully investigate how media producers use contemporary social media to generate ideas, fund and plan projects with other professionals and how social media is used commercially to create awareness and advertise products to global audiences.

Unit 20: Advertising Media (project-based - internally assessed)

In completing this unit, students will understand advertising campaigns and how audio-visual, print based, or audio advertising media are used within them. The task is to plan an advertising campaign for a product or service, selecting the appropriate media components to produce it.

What can I do next with this qualification?

Digital Media provides a strong base for progression to Higher Education at University to study Media Studies, Business, ICT, Computer Science or any other subject, work or apprenticeships and are recognised for UCAS tariff points. Studying digital media will prepare students for employment in the creative media sector.

Business Studies

CAMBRIDGE TECHNICALS Level 3 BUSINESS

Entry Requirements

You do not have to have studied Business Studies previously to study this course. A C in Mathematics and English is desirable but not essential.

Why should I study this programme?

Cambridge Technical in Business is a vocational qualification, at Level 3. This is a course that is designed to prepare you for the workplace and/or progression to higher education in mind. The level 3 is made up of 4 coursework units, and 2 examined units.

Business Studies is a popular option both at A-Level and we wanted to provide students with the opportunity to learn through a vocational context. We tailor the units to meet the needs of our students at Ysgol Bryn Elan.

What will I study on the course?

Unit Guidance

You will learn about the Business Environment (Unit 1), to develop your business knowledge and understanding, before exploring individual areas of business using real examples.

Unit 2 Working in business gives students the skills required to work within businesses and the class are encouraged to apply for jobs and take on part-time employment, which complements this unit.

The optional units offered include marketing and market research, accounting concepts and business decisions. These are skills that we believe are important around our area and will develop students' knowledge to pursue future employment and/or further education.

The modules offered include 2 compulsory and 2 optional units:

Applied Business Units

Business Environment (exam)

Marketing and market research
(coursework)

Business decisions / event management

Working in business (exam)

Accounting concepts (coursework)

How will I be assessed?

This qualification provides UCAS points, in the same way as A-Levels.

Business Studies

WJEC GCE AS/A Level

Entry Requirements

Any student wishing to undertake this course must have at least a C grade in GCSE English Language and Mathematics

Why should I study this programme?

This course will encourage you to develop:

- Develop an enthusiasm for studying business

- Gain a holistic understanding of business in a range of contexts

- Develop a critical understanding of organisations and their ability to meet society's needs and wants.

- Understand that business behaviour can be studied from a range of perspectives.

- Generate enterprising and creative approaches to business opportunities, problems and issues.

- Be aware of the ethical dilemmas and responsibilities faced by organisations and individuals.

- Be aware of the ethical dilemmas and responsibilities faced by organisations and individuals.

- Acquire a range of relevant business and generic skills, including decision-making, problem solving, the challenging of assumptions and critical analysis.

- Apply numerical skills in a range of business contexts.

What will I study on the course?

Unit 1 – Business Opportunities (15% of A level qualification (37.5% of AS qualification))

Written examination: 1 hour 15 minutes

A written paper which consists of short answers and structured questions. This unit focuses on new business start-ups and small

and medium sized enterprises (SMEs). The content in this section is based around the concept of starting a new business and the issues that surround the process of planning a new business. In addition to covering the main concepts of setting up a new business, learners should be aware of other types of business organisations and the markets they operate in and their various stakeholders. Learners will need to study the content areas: *Enterprise, Business plans, Markets, Market research, Business structure, Business location, Business finance, Business revenue and costs.*

Unit 2 – Business Functions (25% of A level qualification (62.5% of AS qualification))

Written examination: 1 hour 15

Unit 2 will assess the full AS content. This unit broadens the context for learners and will include all types of business organisations, ranging from recently formed small businesses to well-established multinational companies. Learners need to understand that, in order to succeed in a competitive market, all businesses have to consider the core functions of business. Learners will need to study the content areas: *Marketing, Finance, People in organisations (human resources), Operations management.*

Collectively, the two AS units will give learners an understanding of the important role played by small businesses in the economy and the opportunities that exist for entrepreneurs, as well as the importance of established businesses and not-for-profit organisations in providing goods and services.

Unit 3 – Business Analysis and Strategy (30% of qualification)

Written examination: 2 hours 15 minutes

Unit 3 builds on the theory introduced in Units 1 and 2. As the title suggests, the emphasis in this unit is on understanding

Business Studies

...continued

and using analytical techniques and developing appropriate business strategies. Learners need to understand, construct and analyse a range of decision-making models and investment appraisal methods used by businesses to decide on their strategy. Learners need to develop analytical skills to investigate business opportunities and problems in a number of different contexts and evaluate a range of quantitative and qualitative data to suggest possible strategic responses from businesses. Learners will need to study the content areas below:

Data analysis, Market analysis, Sales forecasting, Analysing financial performance, Analysing non-financial performance, Aims and objectives, Strategy and implementation, Decision-making models, Investment appraisal, Special orders

Unit 4 – Business in a Changing World (30% of qualification)

Written examination: 2 hours 15 minutes

Unit 4 will assess the full A level content. Unit 4 focuses on how businesses adapt to succeed in a dynamic external environment. Learners need to understand that the business world never stands still and there are continuous opportunities and threats to businesses of all sizes. Learners need to understand that regardless of size, businesses now operate in a global marketplace and they need to consider a wide range of external factors that affect their day-to-day activities, decision-making and strategy. Learners are required to integrate the knowledge, understanding and skills developed in all four units to display an holistic understanding of business activity and the environment in which they operate. Learners will need to study the content areas below:

Change, Risk management, PEST factors, Ethical, legal and environmental factors, International trade, Globalisation, The European Union

How will I be assessed?

4 examination units.

What can I do next with this qualification?

Many students that study Business Studies go on to study the subject at University. This enables them to focus their learning on specific areas of expertise. Some of the areas of study likely to be covered by different types of business degrees, either directly or as supplementary elements, include:

Accounting	Management sciences	Computer sciences
Finance	Sociology	Entrepreneurship
Marketing	Law	Modern languages
Human resource management	Quantitative techniques (mathematics)	Sports management
Strategic management	Economics	Fashion management

Information & Communication Technology

WJEC GCE AS/A Level

Entry Requirements

Any student wishing to undertake this course must have at least a C grade in GCSE English Language.

Why should I study this programme?

This course will encourage you to develop:

- the capacity for thinking creatively, innovatively, analytically, logically and critically

- the skills to work collaboratively

- the ability to apply skills, knowledge and understanding of ICT in a range of contexts to solve problems

- an understanding of the consequences of using ICT on individuals, organisations and society and of social, legal, ethical and other considerations on the use of ICT

- an awareness of emerging technologies and an appreciation of the potential impact these may have on individuals, organisations and society

What will I study on the course?

Unit 1: Information Systems

A written paper of two sections, A and B, presented in a question and answer booklet. There are no optional questions. Quality of Written Communication is assessed in two questions. You will be required to prepare a spreadsheet on a specific topic, defined by WJEC, in advance of the written paper. Hard copies of the spreadsheet are taken into the examination and used to answer questions in Section B. This spreadsheet is submitted with the completed examination paper.

Unit 2: Presenting Information

You will undertake DTP and multimedia tasks, presenting the outcome for internal assessment and moderation by WJEC.

Unit 3: Use and Impact of ICT

A written paper of two sections, A and B, presented as a question paper requiring a separate answer booklet. You will answer all questions in Section A and one from two in Section B. Quality of Written Communication is assessed in these two questions.

Unit 4: Relational Database Project

You will analyse, design, implement, test and evaluate a solution to a problem of your choice requiring the use of a relational database. This is a substantial piece of work, undertaken over an extended period of time. It is internally assessed and moderated by WJEC.

How will I be assessed?

Unit 1 and 3 will be assessed through written examinations whilst the remaining two units will be assessed through coursework.

What can I do next with this qualification?

You could continue to study IT at degree level where you could put your analytical, design, and problem solving skills to good use. You may choose to opt for a career such as: Web designer, System analyst, Computer games developer, User experience developer, Database administrator, Network manager.

Public Services

BTEC Level 3 National Foundation Diploma in Uniformed Protective Services

Entry Requirements

Learners who achieve a Grade C at English alongside other qualifications at Level 2 can do well on this course.

Why should I study this programme?

Learners who have an interest in a career in one of the armed services such as the Army, or the Police, Fire and Rescue Service or one of the many areas of local or national government employment such as Emergency Planning or the Crown Prosecution Service.

Learners who wish to follow a course that will inform them about concepts such as the Law, the Courts, the Media, Citizenship and Human Rights.

It is a highly regarded course which emphasizes realistic, work-focused learning.

What will I study on the course?

Compulsory units cover Citizenship and Diversity, Behaviour and Discipline in the Uniformed Services, Physical Preparation, and Teamwork and Leadership in the Uniformed Public Services.

A fifth additional unit will be completed to reach the 510 Guided Learning Hours.

A range of teachers deliver the course, according to their specialist knowledge, aided by visits and talks from members of the Uniformed Protective public services.

How will I be assessed?

Learners are assessed in one unit with a terminal examination. The remaining four units are assessed through assignments. Assessments will be through written assignments and witness statements of practical activities that you plan, do and review.

This qualification is studied over two years and is equivalent to 1.5 A-Levels.

What can I do next with this qualification?

The course is an excellent preparation for a career in one of the public services. It is widely regarded by the full range of employers. It also attracts the same UCAS points as 1.5 A levels and is a firm basis for further or higher education.

LIBF Financial Studies

Level 3 Diploma in Financial Studies

Entry Requirements

Learners who achieve a Grade B or higher in LIBF Level 2 Certificate in Financial Capability and Careers Development can do well on this course.

Why should I study this programme?

Learners who have an interest in a career in finance, or wish to gain a deeper understanding of the key concepts of financial capability and how they are applied to achieve longer-term financial sustainability should study this course. The course will prepare learners for further study through the development of the core skills of independent thinking, critical analysis and evaluation, synthesis, verbal communication and written communication.

What will I study on the course?

Learners will study about the importance of financial capability in the immediate, short, medium and long term. They will learn about the impact of external influences at different stages in the personal life cycle, risk and reward in managing personal finance, personal and external factors that lead to change, maintaining financial sustainability and avoiding long term debt and also study marketing techniques.

How will I be assessed?

Learners will sit four units over the two years, and all can be assessed by paper based examination or by the LIBF e-test electronic testing system.

Year 12: Certificate

Units 1 and 2 consist of Part A, 35 multiple choice questions (45 minutes), and Part B, a pre-release case study requiring essay responses (105 minutes)

Year 13: Diploma

Units 3 and 4 consist of Part A, 35 multiple choice questions (60 minutes), and Part B, a pre-release case study requiring essay responses (120 minutes)
